Jon,

I want to thank you and The Killing Kompany for the fantastic entertainment that you provided at the New York Management Society Banquet on November 2, 2007, at the Thayer Hotel.

Our Annual Meetings have become really positive events that are greatly anticipated and well attended. After your performance, our membership was electrified! At the business meeting the following morning, people could not stop talking about the quality of the performance and the great time everyone had. As one member said "you were the bomb!"

Your individual performance was exceptional and you established a great rapport with the suspects. We also loved the actress that played Ann Coulter of CNN, she had a terrific voice!

We were delighted to see Dr. Reginald Wells on your Ace Detective webpage at <http://www.killingkompany.com/kk01004.html>!"

As you may recall, we were considering using The Killing Kompany for a performance for our National Council Annual Meeting on Wednesday, October 22, 2008, which will also be held at the Thayer Hotel at West Point. After the performance the other night, we have decided that we absolutely want to use you for that event. We will be in touch about arrangements.

Please extend our thanks to the actors and actresses at our performance and tell them that we loved it. We look forward to working with you when the New York Management Society hosts the 2008 NCSSMA Annual Meeting.

Thanks,

Joe Dirago
